A Rise and a Reaction in New York Central-Further Advance in Western Union Telegraph-A Decline in Erie and St. Paul.

WALL STREET, SATURDAY, Jan. 11-6 P. M. On Change to-day cotton was quiet and weak but prices showed no decided change. The receipts at the ports aggregate 14,773 bales. Flour was quiet but firmly held, while the market for wheat and corn ruled dull and nominally easier. THE IMPORTS OF THE WEEK.

The total imports of foreign merchandise at this port during the past week were \$5,348,106, made up of \$1,562,478 of dry goods and \$3,785,628 of general merchandise.

THE COTTON MOVEMENT. The total receipts of cotton at all the ports for the past week were 133,335 bales, against 104,703 bales the previous week. The total receipts since September 1, 1872, are 1,868,286 bales, against 1,571,498 for the same period of last year, showing THE PRESENT CROP

of 206,788 bales. The exports from all the ports for the week were 106,032 bales, against 82,124 last year. The total exports for the expired portion of the cotton year are 1,008,351 bales, against 821,189 last year. The stock at all the ports is 497,825 bales, against 495,868 for same date in 1872. MONEY EASIER.

The money market was easier and the rate on call ranged from 1-64 and interest down to 5 per cent. As the 1-64 "commission" was paid for the two days to Monday the extreme rate was less than 10 per cent per annum. The bulk of business was at 7 a 7 coin on stocks, and at 6 a 7 per cent on government collaterals. Commercial paper was quoted 8 a 12 per cent discount for prime

FOREIGN EXCHANGE LOWER. The easier tone of the English money market and the advances in gold here combined to make freer exports of cotton, the bills drawn against which have entered into competition with the bankers rates, with the effect of weakening them. Prime sterling was 1/4 lower. The following shows the new standard of sales:—Sterling, sixty days, com. mercial, 1081/4 a 1091/4; do., good to prime bankers', 100% a 109%; do., short sight, 110% a 110%; Paris eixty days, 5.26¼ a 5.22½; do., short sight, 5.18½ a 5.18½; Prussian thalers, 71½ a 72½; Antwerp, 5.23¾ a 5.18%; Switzerland, 5.23% a 5.18%; Hamburg, 95% 96%; Amsterdam, 40% a 40%; Frankfort, 41 a

41%; Bremen, 95% a 96%. THE BANK STATEMENT. The weekly statement of the associated banks is

again quite favorable, the reserves being strengthened by the acquisition of three millions of specie, reflecting the continued disbursements of the Treasary in payment of the January interest on the pub-. The item of specie is really smaller, however, than represented, as the average has been a falling one for the week on account of the exports of coin to Europe. Anticipation of a loss of resources from this outflow seems to have impelled the banks to contract their loans, although it is possible the decrease may be due to liquidation of MATURING CREDITS,
particularly as the duiness at the Stock Exchange

has necessitated less recourse to the banks from the stockbrokers. The legal tenders are down a movement of currency towards New York, the re sult, probably, of a feeble effort to lock them up fo over three and a half millions in face of the con traction of loans, so that the receipts of currency from the interior have been fully the amount of

The easier rates for money in London are inducing the foreign bankers to draw more freely on Europe, and hence a heavier tone in the foreign exchanges, not to speak of the increased supply of commercial bills, The specie export to-day was \$1,192,000, of which \$1,000,000 was gold coin. The Sub-Treasury paid out \$435,000 on account of interest and \$19,800 on

account of redeemed live twenties. The course of

The temper of the stock market was again unset tled, with the prevailing tendency in the downward direction, at least until after the appearance of the bank statement, when a better feeling en sued, attended by more or less of a recover; in prices. Early in the day New York Central made a further advance to 104%, but on the action of the directors in re-authorizing the mortgage of \$40,000,000 declined to 1021/2, rallied to 1031/2 and closed at 103%. The directors at a special meeting to-day altered the form of the mortgage so as to provide that one-fourth of the amount shall be in

STERLING BONDS, or to the extent of \$10,000,000, or £2,000,000, which will bear only six per cent interest, the remainder of the loan to he currency bonds bearing seven per cent interest. It is said that Commodore Vander-bilt was offered par for the whole loan in its original form, and that he resused to sell at less than 106 per cent. The next feature was a further rise in Western Union to 843. It will be remembered that a pool was organized a few weeks since to depress this stock with the help of Congressional agitation of the Hubbard Postal Telegraph bill, but the "bulls" proved too strong to be disconcerted by the movement and are now

TWISTING THE POOL Erie declined to 50% and St. Paul to 51%. Pacific Mail fell off to 70 and Union Pacific to 35%. Ohios, Wabash and Lake Shore were steadler and stronger. Michigan Central declined two per cent more to 104. Rock Island opened weak, but rallied and

closed firm.
In the Southern State bonds the old Tennesse were firm and the new bonds barely steady. The new South Carolinas were strong at 22%. The general list was steady.

THE CREDIT MOBILIER.

Dr. Thomas C. Durant and Mr. Crane Subpanned Before the Poland Com-

Assistant Sergeant-at-Arms Le Barnes, of the United States House of Representatives, arrived in this city yesterday morning with subpœnas for Dr. Thomas C. Durant, ex-President of the Union Pacific Railroad Company, and Mr. Crane, ex-Secretary of the company and stockholder. The officer called at the office of Dr. Durant, 20 Nassau street, at noon yesterday and served papers, and Dr. Durant notified him that he would be in Washington rant notified him that he would be in Washington on Tuesday next and appear before the committee. Mr. Crane will accompany the Doctor. Probably no man living knows the whole history of the Union Pacific Railroad Company and the relations of the Crédit Mobilier corporation thereto more thoroughly than Dr. Durant. It is gratifying to perceive the promptness with which Mr. Poland's committee of investigation have acted upon the suggestion of the Herallo in calling Dr. Durant to Washington to tell them what he knows about Crédit Mobilier.

Charles H. Neilson, the son-in law of Congress.

Crédit Mobilier.

Charles H. Nellson, the son-in-law of Congressman James Brooks, has also been subpœnaed, as well as C. K. Garrison, of California, who is at present residing in this city.

Suits Against James Brooks and Oakes Ames-The Whole Question of the Mobiller Shares to Undergo a Thorough Legal Sifting.

rant, ex-President, agent and executive officer of the Union Pacific Railroad Company, against James Brooks and Oakes Ames to recover Crédit Mobilier shares alleged to have been fraudulently obtained or unlawfully appropriated. Legal notice

Mobilier shares alleged to have been fraudulently obtained or unlawfully appropriated. Legal notice was served upon Mr. Brooks at his residence in this city on Saturday hist.

The former suit is to be brought in the Supreme Court of the city and county of New York, and, if not compromised, will involve a thorough canvass of the whole subject of Crédit Mobilier. Another suit has or is about to commence against Oakes Ames to recover shares of Crédit Mobilier stock said to have been delivered to him at his request to be distributed among friends "where it would do the most good" for legislation, &c. This suit will be based upon the assertions of members of Congress and others, who assert that they never received any shares. The Directors declare that Ames represented that he distributed the number of shares given to him for that purpose, but the recent declarations of Senator Wilson, Vice President Colfax, Senator Allison, Speaker Blaine, Secretary Boutwell and others that they never received any shares of Crédit Mobilier necessitate an inquiry why the shares have not been returned to the company by Mr. Ames. Hence the proposed suit has been or is about to be instituted.

This will open the whole question of the Crédit Mobilier, independent of the examination now pending before Congress. The legal phase, as it will be developed in the Court, will be the most popular way of deciding the whole question.

THE BROOKLYN BRIDGE.

Debate Upon the Question of Stock Representation. The members of the Board of Directors of the New

York Bridge Company met yesterday at their rooms, corner of Fulton and Front streets, with open doors, the press being admitted for the first time since the organization of the company, Mayor Powell presided. There were present C. A. Sprague, J. S. T. Stranahan, I. Van Anden, Judge Alexander McCue, Comptroller Schroder, Superintendent W. A. Kingsley, General H. W. Slocum, General Lloyd Aspinwall, W. H. Marshall, W. Quintard, J. H. Prentice, S. L. Husted and A. S. Hewitt, Mr. Demas Barnes entered the room soon after the organization of the meeting. The object of the meeting was to consider the suggestions of the majority report of the Investigating Committee which were presented at the previous session. The amendments to the charter were then taken up, Comptroller Schroder moving the adoption of the following resolution:—

Resolved, That the counsel of the company he instructed to prepare and submit to the Board for approval an amendment to the charter of the company attherizing the clites of New York and Brooklyn to vote upon the stock held by them, such vote to be cast by three commissioners to be nominated by the Governor and confirmed by the Senate, and empowering the sain commissioners to select the directors, for whom the vote of the said cities shall be cast, from the stockholders, and such other persons as may seem to them fit and proper directors, taking care, so far as may be practicable, that the private stockholders are represented in the Board in proportion to the stock held by them. Aspinwall, W. H. Marshall, W. Quintard,

And whereas the private stockholders subscribed for the stock held by them, under the provisions of the pres-ent charter, giving said stockholders the power or select-ing a majority of the board of directors, such amend-ments to the charter depriving them of this power should also provide for the retunding to these stockhold-ers the money paid by them, with interest from date of judgment.

Judge McCue was satisfied with the present management, and was convinced that it would not be advisable to place other men in the direction than are there now. It was no more than just that private subscribers should be allowed to choose their

own people or take their money with them as they

own people or take their money with them as they go.

Mr. Stramahan seconded the resolution.

Mr. Hewitt remarked that the two cities owned nine-tenths of the stock. The resolution proposed by the committee would give private stockholders a representation of two out of twenty.

Mr. Marshall was opposed, both to the resolution and the amendment. All powers coming from Albany were a curse. The authorities of each city were capable of choosing their representatives of the stock held by each, but they wanted no assistance from the State capital.

Mr. Harnes said this was purely a business matter and should be so considered and the arena of politics should be kept remote irom it. He believed that time should be taken to submit a proposition which would be theroughly considered.

General Aspriwall thought there was a great deal of force in the amendment. Whatever right the Legislature reserves to itself, its faith was pledged that, unless strong reasons were given to alter the spirit and meaning of the original charter, it should remain unchanged. He coincided in the opinion that New York and Brooklys should nominate their own directors. The matter ought to be referred to a new committee for the present.

Mr. Hewitt said that it had been lately found out that the control of all of the stock was vested in one man. He simply wished to remove that control. He said that any person buying \$251,000 of stock conid control the whole Board, since that large amount was unrepresented, and he so controlling would, by contracts and expenditures, reimburse himself.

Mr. Stranahan said that the directors had paid their money as an assurance for the honest performance of their duties. If new men were wanted he had no objection to go out, but he did say that his bond of indemnity should be cancelled. Hard work had been done for the bridge, but it had now arrived at a point when it could be taken out of their hands. Their mission was complete. Private enterprise had started it, but the cities should carry it to completion. There would

The Eighteenth ward Council of Political Reform last evening met at Oriental Hall, passed resolutions in eulogium of George P. Putnam, a deceased member, and listened to an address from E. H. Jinny, who reviewed the frauds fully, and was espe-cially severe upon the last Legislature and the Supervisors and Aldermen who have recently been engaged in the armory leasing. Mr. Jinny ad-vanced no new ideas, and the speech was nearly all a history of how New York has been systemati-cally robbed.
